

## Welcome to 5<sup>th</sup> Grade!

Welcome to 5<sup>th</sup> grade! We're so excited to have you! To prevent summer loss and to prepare for the next year, you will need to keep reading over the summer and record your reading on the reading log. Please participate in taking AR tests this summer in the Cathedral Elementary computer lab. Check the website for dates and times.

Each students needs to read one book from the following Newbery Winner list, and the student must take an AR test on the book. The test will count as the first reading major grade. They can take this test over the summer, or on the first day of school.
